About TIE

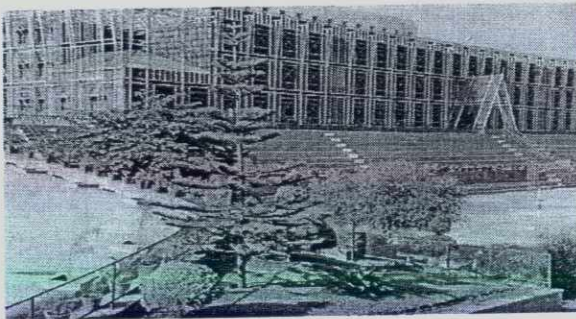

Technical Institute for Engineers (TIE) provides advanced education and research development programs for the members to meet the current demands in the field of education and research. We're constantly exploring, evolving, adapting and growing with technologies and expanding our capabilities to establish a society where everyone can learn and grow, irrespective of where they are in their career path. We prepare you for the opportunities at hand and the bigger ones down the road.

About SREIS

Sri Raghavendra Educational Institutions Society (SREIS), Bengaluru has been in the service to the nation in the field of Health and Education. It is house hold name in the field of Engineering, Medical and Paramedical Education. Raghavendra Hospital, Diagnostic and Research center, Polytechnic, College and School of Nursing, College of Pharmacy, College of Education and KMV Red Hills High School run by the society are the landmarks in the history of education in this part of the country.

About SKIT

Sri Krishna Institute of Technology (SKIT), Bengaluru was established in the year 2001. SKIT is one of the feathers of Sri Raghavendra Educational Institutions Society (SREIS, Bengaluru. SKIT is approved and recognized by AICTE, New Delhi and approved by Government of Karnataka and is affiliated to Visvesvaraya Technological University (VTU), Belagavi. The Institution offers UG Courses in the disciplines of CSE, ISE, ME, EEE, CIVIL and ECE. The faculty members at SKIT are highly qualified and experienced. The campus is Wi-Fi enabled and is well equipped with state of the art laboratories, computing facilities, library, sports and hostel facilities for boys and girls. The college is located at a distance of 15 km from Bengaluru city and 0.5 km from Chikkabanavara railway station.

About the Department

The Department of Information Science and Engineering started in the year 2001 with an intake of 60 students to impart the quality technical education. The department has well qualified faculty members with vast experience in teaching, research and industry.

About the Seminar

The purpose of this seminar is to introduce Search Engine to the students to find information on the World Wide Web. The information gathered by the spiders is used to create a searchable index of the Web.

REPORT ON SEMINAR

“SEARCH ENGINE”

Inaugural function of One day seminar on “Search Engine” organized by TIE, Bengaluru in association with the Department of Information Science & Engineering for the Academic year 2018-19 was held on saturday(30.03.2019) at 09.30 am in ISLab3 at Sri Krishna Institute of Technology.

The program started with the Invocation song and continued with the welcome address, importance of Search Engine and its usage by the Head of the Department **Dr. Hemalatha K L.**

The presidential address was given by the Principal **Dr.Manjunatha.A.** He motivated the students to set positive goals, highlighting short term goals and long term goals and mentioned the role of professional society in IT Industry.

The Chief Guest of the function **Mr. Sarada Prasad Swain** Global search development and support,Lenovo India Pvt Ltd Bengaluru. He briefed about the Search Engine and efficient ways of searching. The purpose of this seminar is to introduce Search Engine to the students to find information on the World Wide Web. The information gathered by the spiders is used to create a searchable index of the Web.

Felicitation of Chief Guest by the Principal Dr.Manjunatha.A

Vote of Thanks by Prof. Manasa H. R.

Title of the workshop: Search Engine.

Pre-requisite: Basic searching techniques over world wide web.

Seminar on Search Engine – March 30th 2019

The Seminar Includes:

70% practical and 30% theory

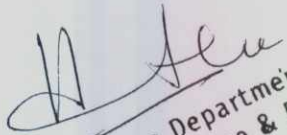

Objectives of the Course

Student should be able to:

1. What is search and where a search is required.
2. What is Apache Solr and Where to use Apache Solr.
3. Inverted indexing.
4. Search and Indexing component.

Syllabus:

1. What is search.
2. What is Solr.
3. How does it work.
4. Inverted Index.
5. Apache Lucene.
6. Internal architecture.
7. Data Indexing.
8. Search optimization.

DEPARTMENT OF INFORMATION SCIENCE & ENGINEERING

Report of Two day Workshop (28/03/2019 & 29/03/2019):

Inaugural function of Two day Workshop on "Machine Learning" under skill development cell by the Department of Information Science & Engineering for the Academic year 2018-19 was held on Thursday(28.03.2019) at 09.30 am in ISLab3 at Sri Krishna Institute of Technology.

The program started with the Invocation song and continued with the welcome address, importance of Machine Learning and its applications by the Head of the Department **Dr. Hemalatha K L.**

The presidential address was given by the Principal **Dr.Manjunatha.A.** He motivated the students to set positive goals, highlighting short term goals and long term goals and mentioned the role of professional society in IT Industry.

The Chief Guest of the function **Prof.Gururaja H.S.**,Dept.of Information Science & Engineering,BMS College of Engineering , Bengaluru and **Prof.Karthik S A** ,Dept. of Information Science & Engineering. Dayananda Sagar Academy of Technology and Management,Bengaluru. **Prof.Gururaja H.S.** briefed about the Machine Learning and current trends in IT industry.

Felicitation of Chief Guest by the Principal Dr.Manjunatha.A

Vote of Thanks by Prof. Sandhya B. R

Title of the workshop: Machine Learning.

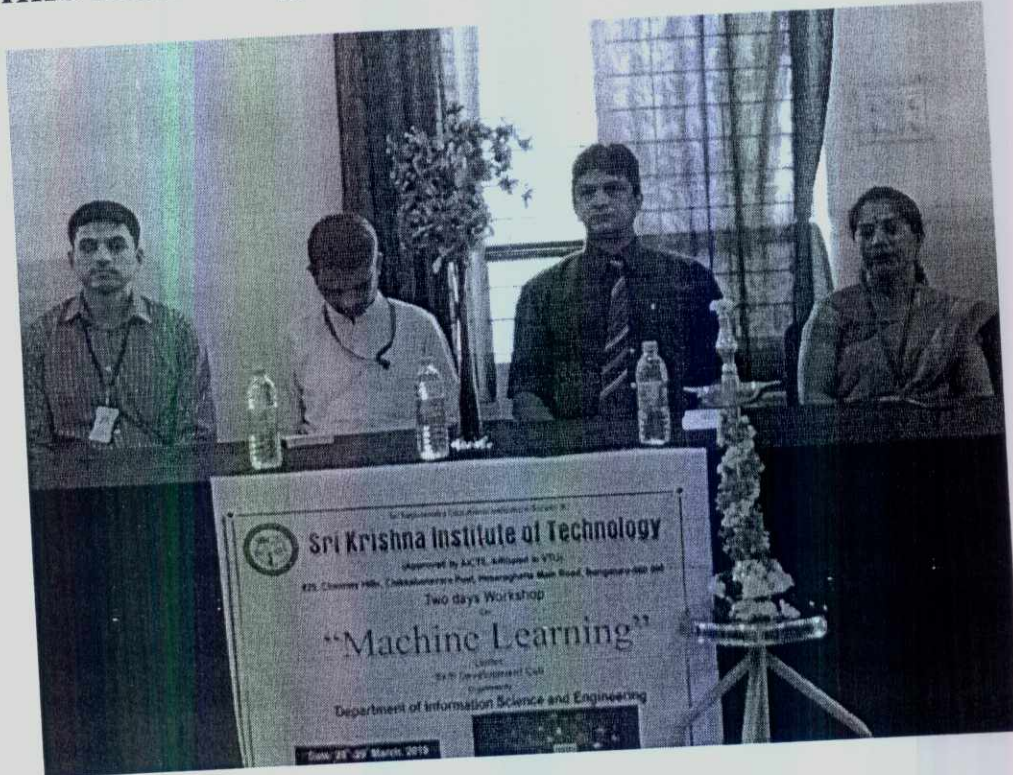

Pre-requisite: Basics of design and analysis of algorithms.

Resource Person:

1. **Prof.Gururaja H.S.**,Dept.of Information Science & Engineering,BMS College of Engineering , Bengaluru
2. **Prof.Karthik S A** ,Dept. of Information Science & Engineering. Dayananda Sagar Academy of Technology and Management,Bengaluru

Sri Krishna Institute of Technology
Department of Information Science and Engineering
Workshop on Machine Learning - March 28th & 29th 2019

The workshop Includes:

70% practical and 30% theory

Objectives of the Course

Student should be able to:

1. Comprehend on machine learning algorithms based on concept learning, decision trees, and neural networks.
2. Apply specific principles to obtain solutions for appropriate problems in learning tasks and instances.
3. Investigate the strategies in well-posed and instance based problems to arrive at valid conclusions.
4. Conduct experiments to demonstrate applicable techniques in machine learning.

Syllabus:

Day-1

1. Introduction to Machine Learning
2. Concept Learning
3. Lab Session-1

Day-2

1. Decision Trees
2. Artificial Neural Networks
3. Lab Session-2 (Functions used in the Lab programs will be explained)
4. Lab Session-3 (VTU lab programs)

Dept. of ISE, SKIT, Bengaluru

Respected Sir,

Subject: Proposal for two days Workshop on "Machine Learning", under Skill Development Cell.

The Department of **Information Science & Engineering** has planned to conduct a two days Workshop on "**Machine Learning**" on 28th -29th March 2019, under the aegis of SDC (Skill Development Cell), with an objective of bridging the gap between Industry and Academic. **Prof. Gururaj H.S.** from BMS College of Engineering and **Prof. Karthik S A** from Dayananda Sagar Academy of Technology and Management are the keynote speakers of this workshop. Kindly, do consider and oblige.

Thanking you,

Pamila S

ABOUT SREIS:

Sri Raghavendra Educational Institutions Society (SREIS) has been in the service to the nation in the field of Health and Education. It is a house hold name in the field of Engineering, medical and Para medical education. Raghavendra Hospital, Diagnostic and Research center, polytechnic, college and School of Nursing, College of Pharmacy and College of Education & KMV Red hills High school run by the society are the land marks in the history of education in this part of the country.

ABOUT SKIT:

Sri Krishna Institute of Technology, Bangalore was established in the year 2001. It is one of the feathers of Sri Raghavendra Educational Institutions Society. The Institution is recognized by AICTE, New Delhi, approved by Govt. of Karnataka & is affiliated to Visvesvaraya Technological University(VTU), Belgaum. The Institution offers UG courses in the disciplines of ME, EEE, CIVIL, ECE, CSE & ISE. The resource persons at SKIT are highly qualified & experienced. The campus is Wi-Fi enabled with well equipped state of the art laboratories, computing facilities, library, sports and hostel facilities for boys and girls. The college is located at a distance of 15kms from Bangalore City Railway Station on Hesaraghatta road.

ABOUT THE DEPARTMENT:

The department of Electrical and Electronics was established in year 2004 with an intake of 60 students with full fledged teaching faculty. The department has highly qualified faculty with great excellence in scholastic. The students have immense concern for academic events as well as non academic. The mission of the department is to create the best technocrats, updating them by latest technological changes and focusing on latest organizational requirement in challenging global scenario.

WORKSHOP OBJECTIVES:

Workshop on “**RASPBERRY PI**” is aimed at Providing a common platform to Academicians, Research Scholars, Practicing Engineers & Industry Experts to have ideas, thoughts, findings, etc and to discuss so as to ignite the young engineering minds to drive them towards the excellence in Electrical and Electronics Engineering and Technology.

WORKSHOP THEMES:

- Introduction to Raspberry Pi
- Setting up Raspberry PI, Flashing the SD card with the OS, Booting the OS.
- Brief introduction to Linux commands and Python basics
- Enabling GPIO pins. LED interfacing using GPIO
- ALCD interfacing using the GPIO
- Live Streaming of PI Camera
- Physical Email notifies. Interfacing Relay to Raspberry Pi
- Motor interfacing using GPIO . Demo of live streaming robot. Demo of Home Automation module

DATE AND VENUE:

The conference will be held on **30th and 31st of October, 2018** in Seminar hall , SKIT, Bengaluru.

PARTICIPANTS:

Academicians, Research Scholars, R&D personnel, Industry Experts, PG and UG students are invited to present papers.

REGISTRATION FEES:

Faculties & Research Scholars from Academic Institutions: Rs.800/- ,
PG and UG Students: Rs.600/-

ABOUT THE WORKSHOP:

The objective of this workshop on "PLC & SCADA" is to provide a platform for the students to upgrade their knowledge and skills in the area of industrial automation. Industrial automation deals primarily with the automation of manufacturing, quality control and material handling processes. General purpose controllers for industrial processes include Programmable Logic Controllers and Computers This Workshop brings about deep knowledge for the students in automation industries like Manufacturing, Production, Power Generation, Wind farms, Chemical Plants, Oil and Gas Refining Plants etc, and also provide advance technology in the Automation field.

Thought provoking technical sessions includes practical exposure on diversified hardware & software used in industrial automation. The program covers hands on training on programmable logic controller

(PLC-Allen Bradley USA,) and supervisory control and data acquisition.

The workshop is conducted with association of prolific systems & Technologies pvt.ltd.

HOW TO APPLY:

Participants should send the completed registration form attached along with the DD on or before 13th September 2014 in favour of "The Principal, Sri Krishna Institute of Technology" Payable at Bangalore

PARTICIPANTS:

Academicians; Scientists, Research Scholars, R&D personnel, Industry Experts, PG and UG students are invited.

REGISTRATION FEES:

Participants from Industries	: Rs. 1000
Faculties	: Rs 800
Research Scholars & students	: Rs. 600

Registration fee includes the course material, lunch & refreshments. Accommodation facilities can be provided in the hostel on first come first serve basis with prior intimation.

SRI KRISHNA INSTITUTE OF TECHNOLOGY
ELECTRICAL & ELECTRONICS DEPARTMENT

WORKSHOP (PLC&SCADA) REPORT

The Electrical & Electronics Dept of Sri Krishna Institute of Technology had conducted **Two Days Workshop on PLC&SCADA (Programmable logic controllers &SCADA)** on 19th & 20th of Sep 2014.

The aim is to provide a platform for the students to upgrade their knowledge and skills in the area of industrial automation. This Workshop on "Industrial Automation" brings about deep knowledge for the students in automation industries like Manufacturing, Production, Power Generation, Wind farms, Chemical Plants, Oil and Gas Refining Plants etc, and also provide advance technology in the Automation field.

So we conducted this workshop to provide industrial exposure in the area of automation to Electrical & Electronics Engineering Students for their careers.

We have invited resource persons Mr.H.S.Shiva Shankar (Branch Manager), Mr. CS Kalaikovan, Mr.Anil Kumar.N.S, Mr.Shiva Kumar, Mr.Syedtouseef , Mr.Manju swamy , Mr.Jebin Joseph from **Prolific Systems &Technologies Pvt.Ltd**

AUDITORIUM

About SREIS

Sri Raghavendra Educational Institutions Society (SREIS), Bengaluru has been in the service to the nation in the field of Health and Education. It is house hold name in the field of Engineering, Medical and Paramedical Education. Raghavendra Hospital, Diagnostic and Research center, Polytechnic, College and School of Nursing, College of Pharmacy, College of Education and KMV Red Hills High School run by the society are the landmarks in the history of education in this part of the country.

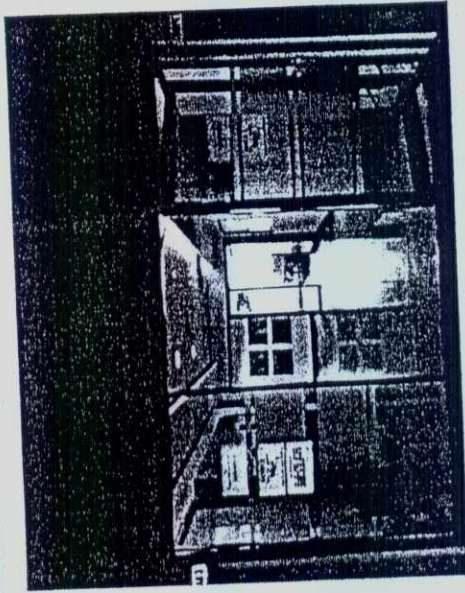

About SKIT

Sri Krishna Institute of Technology (SKIT), Bengaluru was established in the year 2001. SKIT is one of the feathers of Sri Raghavendra Educational Institutions Society (SREIS), Bengaluru. SKIT is approved and recognized by AICTE, New Delhi and approved by Government of Karnataka and is affiliated to Visvesvaraya Technological University (VTU), Belagavi.

The Institution offers UG Courses in disciplines of CSE, ISE, ME, EEE, CIVIL and ECE. The faculty members at SKIT are highly qualified and experienced. The campus is Wi-Fi enabled and is well equipped with state of the art laboratories, computing facilities, library, sports and hostel facilities for boys and girls. The college is located at a distance of 15 km from Bengaluru city and 0.5 km from Chikkabanavara railway station.

About the Department

The Department of Information Science and Engineering started in the year 2001 with an intake of 60 students to impart the quality technical education. The department has well qualified faculty members with vast experience in teaching, research and industry.

About the Workshop

The purpose of this workshop is to introduce the basic concepts of Artificial Intelligence, Python and R language, which can also be used to do project on ML and AI.

Artificial Intelligence is the machines which are designed and programmed in such a manner that they think and act like a human. AI becomes an important part of our daily life.

Python is high level interpreted and general purpose dynamic programming language that focuses on code readability.

Resource Person

Prof. M.S. Satyanarayana, Assistant Professor, Dept. of ISE, SVCE, Bengaluru. He is pursuing PhD form VTU in the field of data science and big data. He is a domain expert with 10+ years of Teaching and good Amount of publications and contributions towards this area.

Prof. Balakrishnan K, Assistant Professor, Dept. of ISE, SVCE, Bengaluru. He is an M.E (CSE) from Anna University. His areas of interest are cyber forensics, cloud computing, networks. He has 6+ years of experience and has published 3 papers in Indexed journals and 3 papers in International conferences.

Who Can Participate

Students, Faculty members from AICTE approved Engineering colleges.

Registration

Interested applicants are requested to send duly filled registration form to the coordinator.

Last date to receive the registration form: 26th September 2018

REPORT ON WORKSHOP

ARTIFICIAL INTELLIGENCE

Inaugural function of Two day Workshop on “**Artificial Intelligence**” under skill development cell by the Department of Information Science & Engineering for the Academic year 2018-19 was held on Friday(28.09.2018) at 09.30 am in ISLab3 at Sri Krishna Institute of Technology.

The program started with the Invocation song and continued with the welcome address, importance of Artificial Intelligence and its applications by the Head of the Department **Dr. Hemalatha K L**.

The presidential address was given by the Principal **Dr.Manjunatha.A**. He motivated the students to set positive goals, highlighting short term goals and long term goals and mentioned the role of professional society in IT Industry.

The Chief Guest of the function **Prof. M.S.Satyanarayana** ,Asst.Prof, Dept of CS&E,SVCE college, Bengaluru and **Prof. Balkrishnan K** ,Asst.Prof, Dept of CS&E,SVCE college, Bengaluru briefed about the Recent Trends and the importance of Artificial Intelligence in IT Industry.

Felicitation of Chief Guest by the Principal Dr.Manjunatha.A

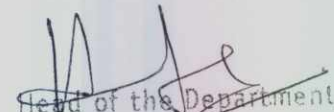

Vote of Thanks by Prof. Sandhya B. R

Title of the workshop: Artificial Intelligence.

Pre-requisite: Basics of Object Oriented Programming, Python Programming.

Resource Person:

1. **Prof. M.S.Satyanarayana** ,Asst.Prof, Dept of CS&E,SVCE college, Bengaluru
2. **Prof. Balkrishnan K** ,Asst.Prof, Dept of CS&E,SVCE college, Bengaluru

Head of the Department
Information Science & Engg.
Sri Krishna Institute of Technology

Session1:The areas covered in the first session of the seminar were about "Artificial Intelligence" and future of AI .The execution of the session went with hands on session which mainly concentrated on basics of Python.

Session2 :The second session of the seminar went with Developing games using Artificial Intelligence, Twitter Data Analytics using AI and Introduction to Machine Learning language.

Sri Krishna Institute of Technology

Department of Information Science and Engineering

Workshop on Artificial Intelligence - September 28th & 29th 2018

The workshop Includes:

70% practical and 30% theory

Objectives of the Course

Student Should be able to:

1. Understand the Concept of AI and Machine Learning.
2. Understand the basic concepts of Python and R.
3. In depth knowledge of the few important algorithms like KNN, Bayesian, Heuristic approach etc.,
4. Use this knowledge for further study and also to do project on ML and AI.
5. understand what are all the different career opportunities he can choose in order to become Machine Learning Expert or AI Expert.

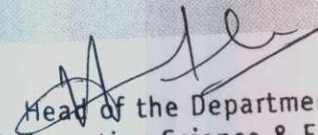

Syllabus:

Day-1

1. Introduction to AI, history of AI, course logistics
2. Introduction to Python Programming
3. Introduction to R Programming
4. Intelligent agents, uninformed search
5. Heuristic search, A* algorithm
6. Adversarial search, games
7. Constraint Satisfaction Problems
8. Machine Learning: Basic concepts, linear models, perceptron, K nearest neighbor

Day-2

1. Machine Learning: advanced models, neural networks, SVMs, decision trees and unsupervised learning
2. Bayesian Learning / Evaluating Hypothesis / Instance Based Learning
3. AI applications (NLP)
4. AI applications (Vision/Robotics)
5. Working with Python for Artificial Intelligence
6. Working with Python for Machine Learning
7. Career Opportunities with respect to AI & ML.

ABOUT SREIS:

Sri Raghavendra Educational Institutions Society (SREIS) has been in the service to the nation in the field of Health and Education. It is a household name in the field of Engineering, medical and Para medical education. Raghavendra Hospital, Diagnostic and Research center, polytechnic, college and School of Nursing, College of Pharmacy and College of Education & KMV Red hills High school run by the society are the landmarks in the history of education in this part of the country

ABOUT SKIT:

Sri Krishna Institute of Technology, Bangalore was established in the year 2001. It is one of the feathers of Sri Raghavendra Educational Institutions Society. The Institution is recognized by AICTE, New Delhi, approved by Govt. of Karnataka & is affiliated to Visvesvaraya Technological University (VTU), Belgaum. The Institution offers UG courses in the disciplines of ME, EEE, CIVIL, ECE, CSE & ISE. The resource persons at SKIT are highly qualified & experienced. The campus is Wi-Fi enabled with well equipped state of the art laboratories, computing facilities, library, sports and hostel facilities for boys and girls. The college is located at a distance of 15kms from Bangalore City Railway Station on Hesaraghatta road.

ABOUT THE DEPARTMENT:

The department of E& C was established in year 2001 with an intake of 60 students with full fledged teaching faculty. The intake has risen to 120 in the year 2012. The department has highly qualified faculty with great excellence in scholastic. The students have immense concern for academic events as well as non academic. The mission of the department is to create the best technocrats, updating them by latest technological changes and focusing on latest organizational requirement in challenging global scenario.

WORKSHOP OBJECTIVES:

Workshop on "IOT and its applications in Real world" Providing a common platform to Academicians, Research Scholars, Practicing Engineers & Industry Experts to have ideas, thoughts, findings, etc and to discuss so as to ignite the young engineering minds to drive them towards the excellence in Electronics & Communication Engineering and Technology.

ADDRESS FOR CORRESPONDENCE:

Dr. A. Manjunatha
Principal, SKIT.

Chapter 5: Summary and Conclusion

Management Support

The Sri Krishna Institute of technology, Bengaluru is running under the aegis of SREIS trust. The institute started in year 2000.

The management given free complete freedom to the program coordinator for the conduction of entire event without any interference and same time taken care to adherence of the instructions and guidelines of VTU Belagavi and TEQIP. The management extended whole hearted support to event by free lodging facility for all the requested participants ,free pick and drop to the nearest all the participants to the nearest public transportation points. The post event financial burden like reporting, binding, postage charges are bearded by management

Summary and Conclusion

The entire event is conducted successfully, Last minutes cancellation of well known and popular resource persons from institutes of national importance though we called few. We had total 20 resource persons from diversified domain, background and area. Overall the good experience and memorable.

EXECUTIVE SUMMARY

SRI KRISHNA INSTITUTE OF TECHNOLOGY, BENGALURE, Organized the IPQC Consulting Services Sponsored, **“Improving Global Competitiveness of SME through partnership with Industry and Institutions”**, from 18-09-2018 to 22-09-2018. Total 5 days SME Interaction program with our industrial partner IPQC, Bengaluru in the premises of SKIT, Bengaluru.

The program started with inauguration of events by Guest of Honors Mr. Maylar Reddy , President, Peenya Industrial Association, Bengaluru, and Mr. Suresh Babu, Manager, National Small Industrial Corporation, Bengaluru(NSIC-B), GOI, Bengaluru on 18-09-18 at 10:15 AM at Institute Auditorium The Principal Dr.V.Manjunath, CEO of IPQC, Bengaluru Mr.Raju Gundala ,Mr.Kishore Jagirdar, CEO InfoSpace Pvt Ltd and other dignitaries and Media reporters were present.

The total 20 participants from industry, 40 students and 20 faculty are registered for training program and industrial participants are of supervisor and mid level manager from industries particularly mechanical and allied area are from peenya industrial area. The remaining our faculty attended based on their free time and interest and remaining students are from our Institute.

The training comprising of 23 Recourse persons, 4 Academician of persons of Professor/ Associate Professor of average experience of 20+ years and 9 persons from Industry experts of average experience of 15+ years. Everyday 3 sessions, 2 sessions in forenoon and 1 on afternoon with tea break, lunch and high tea.

The total training sessions organized and 5 days comprising of Lecturing with demonstrations and Lecturing followed by hands-on sessions and Panel discussions are arranged.

The valedictory function is conducted on 22-09-2018 at 2:30pm , the guest of honor was Mr. Sanjay S. Assistant Director, NPC,Bengaluru, The function is presided by the Principal, Program Coordinator, Programs Industry Partner and other dignitaries.

In Nutshell, The entire program was successful in achieving the objective of the program.

Program Coordinator
Dr. Shrishail Math
Professor , Dept of ECE

VISVESVARAYA TECHNOLOGICAL UNIVERSITY, BELAGAVI

Visvesvaraya Technological University (VTU) is one of the largest Technological Universities in India with 20 years of Tradition of excellence in Engineering & Technical Education. Research and Innovations. It came into existence in the year 1998 to cater the needs of Indian Industries for trained technical manpower with practical experience and sound theoretical knowledge. The university having 218 affiliated colleges, 1 constituent college and 17 Autonomous colleges with undergraduate courses in 35 disciplines, PG program in 94 disciplines and Ph.D & M.Sc(Engg) with research programs in 592 departments, over 4 lakh Engineering Students study in the various institutes affiliated to the University.

SRI KRISHNA INSTITUTE OF TECHNOLOGY, BENGALURU

Sri Krishna Institute of Technology (SKIT) affiliated to VTU, Belagavi, Karnataka, approved by the AICTE, New Delhi. SKIT Established in the year 2001 which offers UG programs in CSE, ECE, ME & CV with 120 intake, EEE & ISE with 60.

Campus is situated in the center of the city and easily accessible with public transport systems such as Railways, BMTc buses & Namma Metro. The campus consists of multiple department blocks equipped with Wi-Fi connectivity, e-Learning facility, well equipped laboratories, Digital library, Auditorium, Amphitheatre, Track and field for Sports, Girls Hostel, Hygienic Cafeteria, Medical centre and ATM. The entire campus is under CCTV surveillance. The staff members of SKIT are Post Graduates and significant of them are Doctorates. Many are involved in Research work and departments are having funded projects by various agencies.

ABOUT SME Interaction

SME interaction through partnership with and industry and institutions covers the interaction with industry experts, speak to SME CEOs, understanding latest technology trends in different industries with below topics, Industry 4.0, Digital factory, AI/ML, Blockchain technologies, Fintech & Digital payments, New product development & Innovations, productivity and Quality best practices, sourcing & SCM Practices, Sourcing & SCM Practices, Strategic costing and GST Tutoring by industry experts to prepare students for successful careers.

ELIGIBILITY

Students of final year and pre final year from circuit branch engineering disciplines.

RESOURCE PERSONS

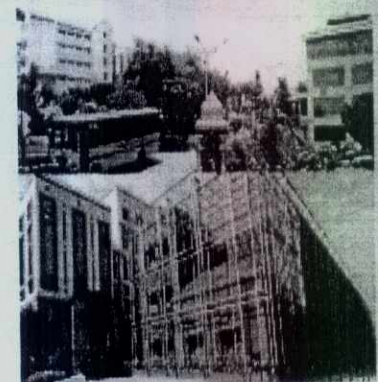

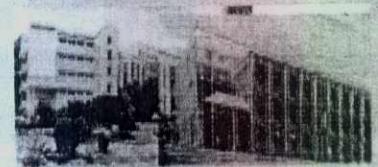

Experienced Engineers from leading organizations and Professionals from National Level Standard Institutions.

REGISTRATION DETAILS

- ❖ No registration fees.
- ❖ Last date for registration : 10-09-2018
- ❖ Maximum number of participants limited to 40 from each category Students/Faculty/Industry.
- ❖ Lunch and snacks will be provided to all the participants.
- ❖ Confirmation of selected candidate will be intimated through email on 15-09-2018.

CONTENTS OF THE PROGRAM

- ❖ Machine Learning
- ❖ Artificial Intelligence
- ❖ Industry 4.0
- ❖ Block chain technologies
- ❖ Fintech & Digital payments
- ❖ Productivity and Quality best Practices
- ❖ Sourcing & SCM Practices
- ❖ New Product Development & innovations
- ❖ Strategic costing and GST s

A

REPORT ON

“VAASTU-2018”

National level Technical Fest and Professional Development Program

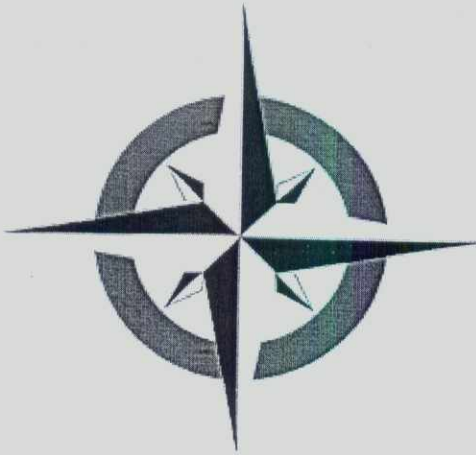

HOSTED BY DEPARTMENT OF CIVIL ENGINEERING

A stylized, handwritten signature in black ink.

Signature of HOD

A stylized, handwritten signature in black ink.

Signature of Principal

The CIVIL department conducts “VAASTU-18” National level contest with multiple technical events, this year VAASTU-18 received an overwhelming response in all its events and was a magnificent success.

The word “VAASTU” comes from SANSKRIT, which is an ancient Indian science of architecture and buildings which helps in making a congenial setting or a place to live and work in a most scientific way taking advantage of the benefits bestowed by nature, its elements and energy fields for enhanced wealth, health, prosperity and happiness. “VAASTU-18” is organized in Civil Engineering Department. The motive of this event is to develop various skills of students in Co-Curricular activities and to expose them to the current trends in the technical and professional fields. Around 184 participants from all over Karnataka took part in the event and won a total cash prize of 45,000.

“VAASTU” includes various events like:

- TechnicalTalk**
- TechnicalPaperpresentation**
- BridgeModelling**
- TechnicalQuiz**
- AutoCAADDesigning**
- FastSurveying**
- Town Planning Model**

The Department has organized a National level technical fest “Vaastu-18” on 18th May 2018

Chef Guests:

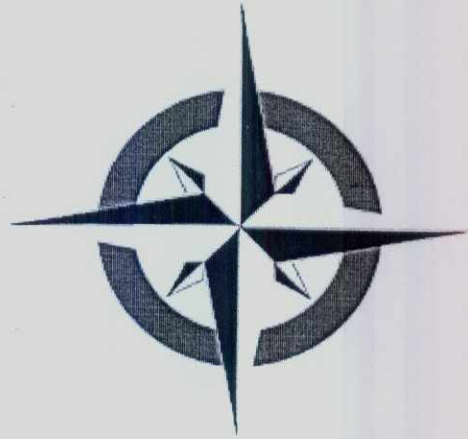

**Dr. H N Rajakumara,
Professor & HOD
Department of Civil Engineering
Sri Venkateshwara College of Engineering
Bengaluru**

**S Hemantha Reddy
Chief Exicutive
Sir MV Institute of Engineering Skills
Bengaluru**

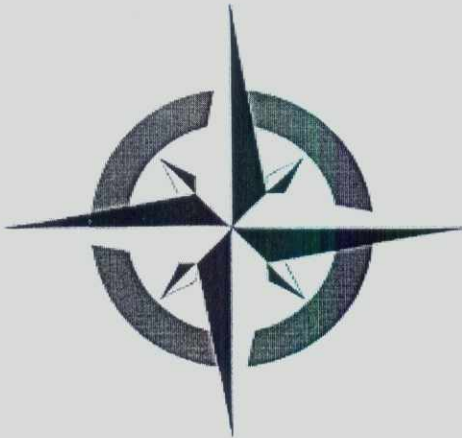

“Technical Talk”

A technical talk was presented for the gathering by **S Hemantha Reddy** on the topic of “**Total Station**”. In his talk he enlightened all faculties and students of Civil Engineering of SKIT and various colleges. 174 members were taken part in technical talk.

“PAPER PRESENTATIE-TECHNICAL PAPER PRESENTATION”

"Paper Presentation" is a technical event conducted on **18th May 2018**.

This event is all about how to manage the chosen topic with their presentation skills in front of an audience, with this to enhance command over language and quick ability to answer question raised by the audience. We received total 11 participants from various for this event.

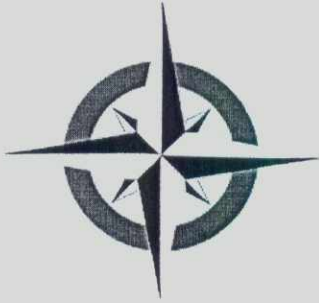

As this event enhances students presentation Skills and in-depth understanding of the chosen topic. Students presented on various topics from areas of Structures, Concrete, Environmental Engineering etc.

Faculty Co-ordinator: Shiva Prasad D G

Venue: Auditorium

Time: 10.30AM to 12.30PM

“PONTEM MODELARE” (BRIDGE MODELING)

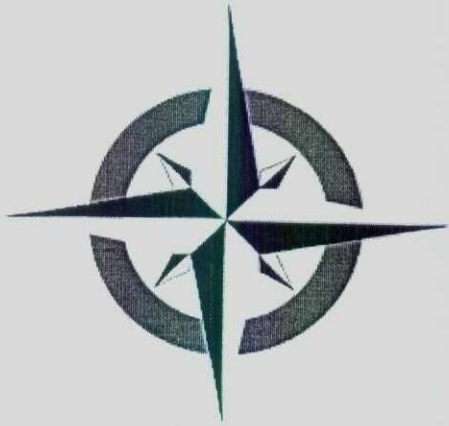

Integrated innovative model bridge design and testing competition in the instruction of Structural Analysis as a pedagogy tool to enhance the learning experience. Students designed and fabricated reduced scaled models of bridge either using spaghetti or timber sticks using suitable adhesive. Students had to predict the failure load and compete for the most efficient bridge structure when their bridges were tested to failure. These hand-on project motivated students to engineering creativity by providing an opportunity to experience first-hand the challenges of engineering projects. 13 groups were participated.

Faculty Co-ordinator: Harish Gowda R Patil

Venue: Drawing Hall
Time: 2.00PM -3:30 PM

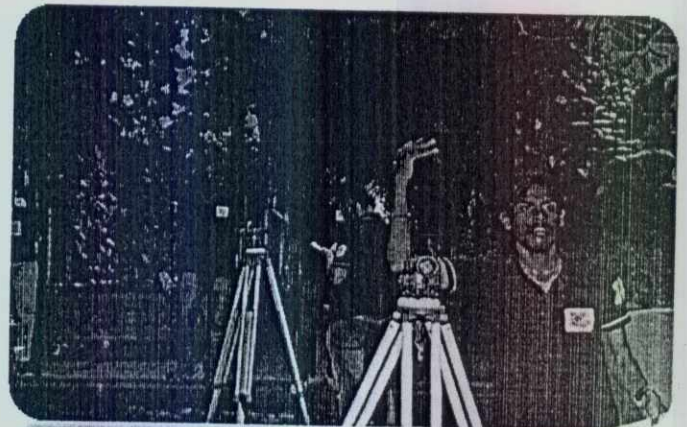

“SARVEKSHAN” (FASTEST SURVEY)”

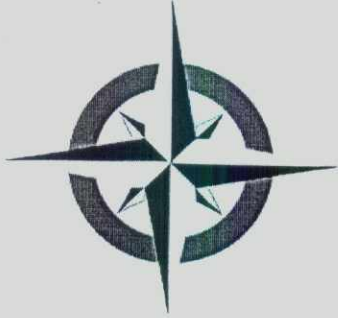

To determine relative positions of different objects on the surface of the in the campus by the method of surveying within given interval of time. 26 students from various engineering colleges were participated.

Faculty Co-ordinator: Raghavendra H J

Venue: Playground
Time: 2:00PM 3:30PM

“RAPIDO-CADD” (AUTOCADD DESIGNING).

Auto CADD designing is use of computer systems to assist in the creation, modification, optimization of a design. In this, given the theme both 2D and 3D drawings are executed by students. 25 students were participated in Quick CAAD

Faculty Co-ordinator : Jayanth Kumar

Venue: CADD LAB

Time: 1:30 TO 3:30 PM

“TECHNICO QUESTIONARIO-TECHNICAL QUIZ”

Quiz were conducted in five rounds and questions are related to different fields of civil engineering like structurs, hydraulics, Geotechnical engineering etc.. 25 students were participated.

Faculty Co-ordinator: Priyankashri K N

Venue: Auditorium
Time: 12:30 PM to 1:30PM

“NIDHI ANVESHANA” (TRESSUE HUNT)

- Tressure hunt was conducted ,nearly 45 students were participated
 - **Faculty Co-ordinator: Gurudeep B N**
Venue: College Campus
Time: 2.00PM to 4.00PM

Signature of HOD

Signature of Principal

GENERAL RULES OF EVENTS

"PAPER PRESENTATION" (TECHNICAL PAPER PRESENTATION)

- The subject of the paper must concern original research in an area of interest to CIVIL ENGINEERING
- Complete paper should be in IEEE format and presentation in .pptx format mail by 16th May 2018 to vaastupaperpresentation@gmail.com
- The shortlisted candidates will be announced by E-Mail or Call on 17th May 2018

"TECHNICO QUESTIONARIO" (TECHNICAL QUIZ)

- Maximum of 2 members are allowed per team
- Questions will be asked on basis of Civil Engineering discipline

"SARVEKSHANA" (FASTEST SURVEY)

- It is a team based event
- A team consist of 2 members

"PONTEM MODELARE" (BRIDGE MODELING)

- A team based event of 3 members per team
- The materials will be provided

"RAPIDO CADD" (AUTO CADD DESIGNING)

- Single member event
- Design consideration and problem will be given on spot

"NIDHI ANVESHANAM" (TREASURE HUNT)

- A team based event of 3-4 members per team
- The treasure hunt consists of 5 clues, each one leading to the next clue and the clues will be present in civil premissis

NOTE:

- JUDGES DECISION IS FINAL
- PARTICIPANTS SHOULD CARRY VALID IDENTITY CARD OF THEIR INSTITUTES

On 19th :

Advanced Surveying (Total Station & its Application)

venue: Auditorium
Time: 10.00am - 11.00am

Designing the World (CADD & Global Education)

venue: Auditorium
Time: 11.15am - 1.00pm

PRACTICAL EXPOSURE (TOTAL STATION IN SITE & INTERNSHIP)

venue: Auditorium
Time: 1.30pm - 3.00pm

CAREER GUIDANCE (PLACEMENTS)

venue: Auditorium
Time: 3.15pm - 4.20pm

Presents

VAASTU'18
and

"Seminar on Trends of Civil Engineering"

18th & 19th
MAY 2018

VENUE:
SRI KRISHNA INSTITUTE OF TECHNOLOGY
(AUDITORIUM)
No.29, HESARGHATTA MAIN ROAD,
CHIMNEY HILLS,
CHIKKABANAVARA POST,
BENGALURU-90

Organized by: **CIVIL**
Host: **Sri Krishna Institute Of Technology**

Glimpse on SKIT

Sri Krishna Institute of Technology, Bengaluru was established in year 2001.

It is one of the feathers of Sri Raghavendra Educational Institutions Society. The society has been in the service of nation in the field of health and education. It is a house hold name in the medical and paramedical education. Raghavendra Hospital, Diagnostic and Research Center, College and School of Nursing, run by the society are the land marks in the history of education in this part of the country.

Mission

"To create engineers manifesting in excellence with extraordinary progress and to give bright and challenging future to deserving and merited students community who are under privileged".

Vision

"To impart quality education to cater to the needs of industries, business, establishments, research and development organisations and nation at large and create knowledgeable and competent engineers of global stand".

About VAASTU 18

"VAASTU 18" is an inter-collegiate technical fest, acting as a forum for all civil engineering students across country, to portray their skills and get them rewarded.

With a tag line that goes as "Designing the Future World".

VAASTU 18 has incorporated in itself a special motive to foster and developed innovation in the field of civil engineering ranging over and across all its sub-disciplines in view of sustainable development.

Live every moment of the challenge we thrust upon you to make the event worth.

We throw a grand invitation to all the civil engineering wizards to come and add colors to this occasion

SCHEDULE OF VAASTU 18

On 18th :

"Paper Presentation"
(Technical Paper Presentation)

venue: Auditorium
Time: 10.30am - 12.30pm

"Technico Questionario"
(Technical Quiz)

venue: Auditorium
Time: 12.30pm - 1.30pm

DEPARTMENT OF CIVIL ENGINEERING

VAASTU'18

The Department has organized a national level technical fest Vaastu-17. Dr.H.N.Rajakumara, HOD Civil engineering department,RRIT Bengaluru and S.Hemanth Reddy,Professor Sir M V Institute of Engineering Skills was invited as chief guest. A technical talk was presented for the gathering by Dr.H.N.Rajakumara on the topic on "Trends of civil engineering." In his talk he provided the latest trends emerging in the area of Civil Engineering. The main objective of the workshop was to impart training to the students on application of total station in civil engineering constructions and the application of latest cad software's in the design and analysis in the field of civil engineering. Another chief guest S.Hemanth Reddy addressed the gathering about the scope and advancement in the field of civil engineering.

Around 85 participants from all over Karnataka took part in the event and won a total cash prize of 35000. The various events held at Vaastu-18 are **Paper Presentatie, Technico Questionario, Rapido Cadd, Pontem Modelare, Survekshan, Nagarasutrana**. Each event was organized by student coordinators and supervised by event coordinators.

DEMINAR ON TRENDS OF CIVIL ENGINEERING

The department has organized a workshop called "Deminaron Trends of civil engineering" on 9th of May 2018 at its college campus. Mr. S Hemanthreddy, Chief executive, Sir M V Institute of Engineering skills, Bengaluru, and Mr. Lokesh, EduCaddcenter, Bengaluru has invited as Guest Speaker's for the workshop.

This workshop has provided the latest trends emerging in the area of Civil Engineering. The main objective of the workshop was to impart training to the students on application of total station in civil engineering constructions and the application of latest cad software's in the design and analysis in the field of civil engineering.

Further the workshop emphasizes about career guidance & placements to the student's in the respective areas.

Subject: RE: Festo Mobile Expotainer to Sri Krishna Institute of Technology

From: karthik.visu@festo.com

To: sreeanjan@yahoo.co.in

Cc: sameer.khan@festo.com

Date: Friday, 30 March, 2018, 8:57:36 AM IST

Dear Sir,

Greetings for the day!!

Herewith enclosing the invitation to circulate to your students, faculty's & team members to visit the expotainer & intake the exposure on latest trends of Industrial Automation.

Request to publish the attached poster in the notice board and in your official social media pages, Whatsapp group, etc.

Mr Sameer Khan from Festo would be joining for the event. His contact number is 9916768853.

If you need any additional support from our side, Please let us know.

Regards,

Karthik

Dear Sir,

Greetings from Festo India!!

As a part of bringing students closer to industry and different parts and equipment which are being used in the industries. We, at Festo facilitated Mobile Expotainer which is an innovation on wheels on the road to our customer and your destination events

The Festo Mobile Expotainer is much more than a mobile billboard that display our company and brand name everywhere we go. It features a variety of **Dynamic and Static displays** which shows fast and easy the latest product applications of Pneumatic technology on Industrial Automation

Your students and faculty's can get a comprehensive overview of the latest products, solutions and services from Festo to bring products, solutions and hands-on experiences to customers.

You benefit from a customized presentation by our engineer on site. In personal discussions, you will get answers to your questions and they will give an individual explanation of all functions. **Your added value always in view.**

To exhibit the Expotainer at your institution, We would need following basic infrastructure support at your end

- Vehicle ample parking space 35'x12'
- 3-Phase (45 amps) electric supply power connection

Note: Minimum batch of 8-10 members can be accommodated at a time and need 15 mins to give a overview of all the displays. Display timing would be 10.30 am to 4.30 pm

Please let us know your confirmation to exhibit Expotainer on **5th April 2018** at your campus.

Regards,

Karthik
