Objective	Mock interviews are an ideal way to practice for real job interviews because you are in a situation that mirrors an actual interview with a company. When you review your interview with the interviewer, you'll be able to modify your responses and interview behavior, if necessary. Mock interview is a practice interview, but you need to take it seriously, just as you would an actual job interview. Consider the mock interview as a dress rehearsal
Few Lines about event	Understanding the steps in the interview process will help your company standardize its interview process; leading to better, more qualified hires over the long term. The event started with online registration, followed by Aptitude test. The shortlisted students were allowed to attend Group discussion round, then the Technical round and finally HR round. The interview was carried out by group of expertise.
Summary	To hire suitable candidates, every company conducts various rounds of interviews to measure the candidate's technical and behavioral prowess. Mock interviews are done to gauge the personality- strengths and weaknesses of a candidate to handle the role and then understand whether the candidate is suitable to do the job. Sometimes, the interviews are conducted to decide how well the candidate can fit into the company's work culture. Generally, these rounds will help the students to work more on their weak areas and improve for the actual interviews.
Outcome	Successful

#### Activity: Webinar on IPR Awareness

#### INTRODUCTION/OVERVIEW:

A Webinar on the topic “IPR Awareness” was organized by the Department of Information Science and Engineering and Internal Quality Assurance Cell, Sri Krishna Institute of Technology Bangalore on 8/1/2022 from 11.00 am to 12.30 pm in online mode through the Google meet platform. The resource person for the webinar was Dr. Piyush Kumar Pareek, Professor (CSE) and Head(IPR CELL), IEEE Senior Member ,Dept. of Computer Science & Engineering, Nitte Meenakshi Institute of Technology, Yelahanka, Bengaluru The webinar was attended by around 80 participants.

**OBJECTIVES:** The main objective of this webinar was to **create awareness about the intellectual property rights and patent filing** amongst students and faculties in the higher education system. The webinar focused on following objectives.

- To sensitize the participants about Intellectual Property Right and their protection.
- To identify protectable innovations.
- To suggest steps for transforming innovations into proprietary assets.
- To use IP information, particularly relating to patents and designs, for further research and development in developing new product and process.
- Utilize the IP information in their business development.

#### SUMMARY:

The programme started with a welcome address by Mrs. Veena M Naik coordinator of the webinar followed by introducing the resource person to the gathering.

Resource person Dr. Piyush Kumar Pareek shared the details about importance of Intellectual property rights and novelty of research or idea which get transformed into a patent. He pointed out that IPR is no more confined to the legal fraternity, but has spread across all disciplines because of which it has an impact and significance on arts, science, commerce, management and business. Patents copyright and trademarks have great significance not only in the uplifting the knowledge economy but also in fine-

		Match the requirement of the company to your resume and profile. Try to match the requirement of the job opening to your resume and the profiles you are sharing with the recruiter. This will surely increase your chances of getting hired if you can justify your knowledge of the skills that match with the company's requirement.		
<b>C</b>	<b>Proposed Details</b>			
i	Proposed dates	From : 25/11/2021	To: 25/11/2021	Days: 1
ii	Proposed Objectives :	Good academic records and sound technical knowledge alone are not sufficient to guarantee you a Job. Every company conducts an HR interview round to judge your personality, your strengths, your weaknesses, your capability to handle the role, to check your background, and to understand if you're the right fit for this job. The HR round is generally the last round in the recruitment process of any company.		
iii	Expected Outcomes : (Objectives & outcomes shall match)	Understand the Job position you are applying for. Gather every possible detail about the job position you are applying for like, the skill set required for the particular job, educational qualifications etc. Match the requirement of the company to your resume and profile. Try to match the requirement of the job opening to your resume and the profiles you are sharing with the recruiter. This will surely increase your chances of getting hired if you can justify your knowledge of the skills that match with the company's requirement.

## DEPARTMENT OF CIVIL ENGINEERING

DATE: 25/07/2022

### Event Report

Activity: Technical Talk

**ABOUT:** A Technical talk on "CONSTRUCTION PROJECT MANAGEMENT" by Dr. H.C.M Swamy.

**OBJECTIVE:** Construction project planning is the initial and most important phase of project management. Planning comprises defining objectives of the project, sequence of works, construction methods, planning of resources, preparing estimation, and durations for various activities to bring about the satisfactory completion of project. The documents for construction planning consist of designs and drawings, quantity estimates, construction methods to be adopted, contract documents, site conditions, market survey, local resources, project environment and the client's requirements. The ultimate purpose of CPM is to successfully complete the project within estimated cost and time.

**EVENT SUMMARY:** Department of civil engineering had organized an event on Construction project management on Wednesday 24/11/2021. It was co-ordinated by Dept of CVE, SKIT.

The event was a One day technical talk; Prof. Manjunath V introduced the speaker to the gathering. Dr. H C M Swamy, gave a presentation on the process of project management in a civil engineering project.

He also talked about different challenges in the project management and different tools which is used in project management, which will help in effective completion of the project within the budget and specified time. Due to technical snag practical sessions for the talk could not be completed however, the speaker has committed to conduct practical sessions on some other day. About 60 students of civil department attended and were benefited by the event. Prof. Vishwa pavan S concluded the session by proposing Vote of Thanks to the speaker.

## Activity Report

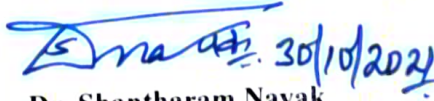

Sri Raghavendra Education Institution Society ® [SREIS] has planned to organize Computer Training Programme for High school students to impart Basic skills for computer operation. The thoughtful idea from madam Rakshitha (Associate Director-SREIS) inspired the department of CSE & IQAC to organize this workshop as social responsibility. The Dept of CSE jointly with IQAC brainstormed with faculty members and designed the model of workshop. Later interested faculty members joined their hands in giving proper shape to the plan. We have approached Govt. High School in the vicinity of our institution and planned accordingly on mutual consent. **Mrs. Mangala** (1/c Head Mistress) and **Mr. Kumbaiah** – Physical Education Teacher from school have coordinated to send the students for this workshop.

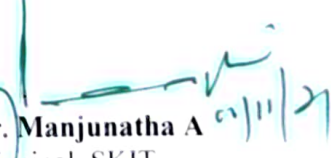

The students from Government High School [GHS], Chikkabanavara, Bangalore-560090 were inspired & invited by Faculty members from Sri Krishna Institute of Technology[SKIT], Bangalore. The participants were welcomed from GHS Chikkabanavara on **Saturday, 30-10-2021** to undergo this workshop in SKIT campus. All necessary arrangements were made by the organizing team in CSE, ISE, Civil, Mechanical department Labs to provide hands on sessions.

The students arrived in SKIT campus at 8.45 am. The Faculty coordinators along with Resource persons took the students to designated Labs. Dr. Manjunatha A (Principal), Dr. Shantharam Nayak (CSE-HoD), Dr. Savita B Hosur (IQAC Coordinator) handed over the stationery items(writing pad & pen) to the participants. The workshop started with brief introduction on various hardware parts of computer. Later the students were instructed work on MS Word, Excel, Internet Browser. The resource persons gave clear demonstration of useful functionalities in the syllabus covered. The participants interacted very well with resource persons. This workshop was ably assisted by Instructors & student volunteers. **Total 80 students** (8<sup>th</sup> & 9<sup>th</sup> std) have actively participated and drawn benefit from this workshop.

The Organizers whole-heartedly thank Management, Principal and IQAC for their support. Thanks to Resource persons Prof. Nagarathna C(CSE), Prof. Manjunath V(CE), Prof. Mohan K T (CE), Prof. Avinash S(EE), Prof. Poojitha G(BS) for sharing their knowledge with participants. Thanks to Mr. Chandra Kumar, Mr. Raju, Mrs. Pankajakshi B R, Mrs. Nethra B, Ms Pavithra K C for Lab arrangement and Technical support. We also thank the HoDs of CSE, ISE, Civil, Mech for their permission to utilize Lab infrastructure during this workshop. Thanks to Mr. Kiran (ME Dept) for capturing snaps of the event. Finally thanks to all concerned who were directly or indirectly responsible for the success of this workshop.

- Product Owner
- Scrum Master
- Team
- Daily Standup
- Sprint Showcase
- Retrospective

On the right side of the slide, there is a circular profile picture of a man and the text "Dr. Manoj HM Assistant Professor, CSE".

The screenshot shows a presentation slide titled "Conclusion" within a Microsoft PowerPoint window. The slide content is as follows:

Agile delivery is the reason why Agile has proven to be more successful than traditional process models. ...

On contrary, Agile treats the client feedback as a learning opportunity and reiterates to make the product better. Therefore, failure is not as easy to achieve in Agile delivery as in plan based models.

On the right side of the slide, there is a circular profile picture of a man and the text "Dr. Manoj HM Assistant Professor, CSE".
